Schedule of Fees and Charges

(Effective January 15, 2016)

GENERAL PROVISIONS

E1.1 Definition of Escrow

Escrow means any transaction wherein any property, money, written instrument or evidence of title or possession to real or personal property or other thing of value is delivered with or without transfer of legal or equitable title, or both, and irrespective of whether a debtor/creditor relationship is created, to a person not otherwise having any rights, title or interest therein in connection with the sale, transfer, encumbrance or lease of real or personal property, to be delivered or redelivered by that person upon the contingent happening or non-happening of a specified event or performance or non-performance of a prescribed act, when it is then to be delivered by such person to a grantee, grantor, promisee, promisor, obligee, obligor, bailee, bailor, or a designated agent or employee or any of them. Escrow includes subdivision trust (A.R.S. §6-801, as amended).

E1.2 Fair Value

The fair value shall be construed as the full value of the property or the sale price, including the encumbrances, whichever is higher. Where a sale is not involved, the fair value shall be determined from all available information (i.e. amount of encumbrances, assessed value, etc.). In no event shall it be less than the sum of the unpaid principal balances of the mortgages and/or contracts to which the property is subject, unless such mortgages and/or contracts provide for financing of a lender's loan and closing costs, the mortgage provides for advances, or the capitalization of interest, in which case the mortgages and/or contracts exceed the sales price. The Company may be entitled to rely on the value provided by the parties to an arm's length transaction.

E1.3 Computation from Basic Escrow Rate

The applicable rates shall be computed on a per unit or insurance basis in multiples of \$10,000.00 including any fraction thereof in accordance with the division of such units as set forth in the Basic Escrow Rates.

Whenever an Escrow Fee is calculated by using a percentage of the Basic Escrow Rate, the escrow fee shall be rounded up to the nearest dollar.

E1.4 Separate Sales or Exchanges (Different Owners)

Basic charge is applicable per the Basic Escrow Rate on each separate sale in which any seller/exchanger is involved.

The applicable charge applies on the amount of each individual sale or exchange even though there may be one common purchaser, and the sales or exchanges are handled concurrently, and one or more separate escrows is/are involved.

E1.5 Transfer of Undivided Interest (Sold separately from remaining interest)

Basic Charge is applicable based upon the interest conveyed, the purchase price or the fair value thereof, whichever is the higher.

E1.6 Escrow Fee Split

Unless stated otherwise in the Purchase Contract, the Escrow Instructions, or other mutually acceptable written instructions, the basic escrow charge will be split equally between the parties to the escrow.

Other fees, such as, but not limited to Recording Fees, Reconveyance Tracking Fees and other Miscellaneous Charges will be charged to the party requesting and/or benefiting from those services.

E1.7 Unique Escrow Requirements

In some cases, due to unusual requirements and special risks regarding the sale, financing or development of a major project, the Company may find it necessary to enter into contracts or agreements for various services to be rendered and the charges to be made thereon. All such requests must be submitted in full detail for consideration by an authorized Senior Management Officer. This will allow the Company to maintain control while offering pricing which is consistent with established escrow rates on projects of a similar nature.

This unique escrow requirements rule shall apply to transactions of \$1,000,000.00 or more.

E1.8 Rates and Charges in Effect Prior to Filing
